WHO WE ARE

Rooted in the Himalayas, *trusted by brands*

Giva Agro is a natural-products company based in Dehradun, Uttarakhand, at the foothills of the Himalayas. Founded by a team of agricultural experts, herbalists and wellness enthusiasts, we source, develop and export herbal supplements, Himalayan Shilajit, herbal teas and personal care products — supplied in bulk or finished under our clients' own brands, with the documentation international buyers expect.

“Our mission is to provide natural, effective and sustainable products that enhance the well-being of our customers.”

THE GIVA AGRO MISSION

Three ways to work with us

**Private label**

Our proven products packed under your brand — your labels, retail boxes and leaflets, ready for shelf or e-commerce.

**Custom formulation**

New formulas and blends developed to your brief, taken from first sample to full production.

**Bulk supply**

Bulk ingredients and finished products for brands and distributors with their own packing lines.

What we stand for

Purity & quality

Rigorous quality checks and batch testing behind every product we ship.

Responsible sourcing

Sustainability from sourcing through production and packaging.

Transparency

Clear specifications, honest communication and complete batch documents.

Long-term partnership

Cruelty-free practices and relationships built to last, not one-off orders.
